Each product is made by hand and contains a piece of our soul and creativity.

DEAR SELLER,
We love your home!

About Us
JANE
Jane is an English teacher for 10th and 11th grade students at Blount High School. She is also an amateur chef.
JOHN
John works in the medical field as a physical therapist and his job focuses on helping veterans. He is also a marathon fan, he had participated in more than 15 in the last years.
JIMMY
Jimmy is our 10-month-old son. He is a wild, fun, curious boy and loves to run freely in the park.

We cannot express to you how much we love your home. It is easy to see the love and care you put into making this house so special, so warm, and so inviting. We see this as our forever home.

Right now, we are living in a small home in Santa Margarita. As we hope to grow our family in the coming years, we have been on the hunt for a house that gives us space to add an additional baby (or two).

We have a 10-month-old son - Jimmy. He is a wild, fun, curious boy and we can see him spending so much time in this fantastic backyard. Family barbecues, game nights, birthday parties. We can picture having these special moments here.

We hope that in the midst of this uncertain time you are staying healthy and safe, and we wish nothing but the best for your next chapter. Thanks for considering us as the new owners of this warm, beautiful home.

With sincere thanks,
The Smiths

We love your home!

Dear Homeowners,

Our names are Mary and John Smith. We've been married for four years and have one daughter, Olivia, who is 2 years old. We've been on the hunt for the way we will take our family in late April/early May. We believe they will have ideal childhoods growing up in your home.

My wife and I both have high credit ratings and we have our approval for the mortgage. We are also able to make a 20 percent down payment immediately. We both have jobs in the local area, my wife is a teacher and I am a software engineer.

We've loved your lovely home during the open house on Saturday and fall in love with it. We absolutely love the floorplan, the large picture windows in the front living room, and the fireplace. We can already picture our family having Christmas there and making so many wonderful memories.

We hope that you will select us as the next homeowners to love a family and make memories in your home.

Sincerely,
Mary, John and Olivia :)

Dear Sellers of 123 Apple Street,

Thank you for the opportunity to make an offer on your beautiful home. We'd like to introduce ourselves and share a bit of our history with you. My name is John Smith and I currently work in the automotive industry, however, my true passion lies in the small landscaping business that I am in the process of building. My son is 10-year-old Sarah, currently works as a teacher for 10th students at Blount High School.

We are a young couple trying to buy our first home together, and we have completely fallen in love with your home. This property is ideal for us for many reasons. As we are anxious to start a family, as soon as possible, the house has enough space for us to grow. The layout is just what we are looking for, and the beautiful large backyard will provide us and our future children an ideal space to build wonderful memories of our first home.

The location is extremely beneficial to us as well. I recently lost my mother to cancer, and living in this home would put us a much closer distance to my father, who needs more assistance taking care of himself and his property.

Furthermore, having the additional space and the garage at this home will also allow us to fulfill our dreams of having fully on our landscaping business, which is our goal for ourselves and the family we are so excited to build.

We would be truly honored to live in your home, and we greatly appreciate your consideration. Thank you so much for your time!

With sincere thanks,
